

YOUR PUZZLE PIECE MATTERS™ CLASS PUZZLE

Each person in your class is unique, valued and loved! As a class, create a puzzle with each piece of the puzzle created by each person in your class.

1. Print out this page for each student in your class.
2. Have each student decorate their own puzzle piece in their own unique way.
3. Cut out each puzzle piece.
4. Find a wall in your classroom and put your puzzle together!
5. Notice the puzzle doesn't have smooth edges. You can choose to add on to your puzzle and create more puzzle pieces for other people who are a valued part of your classroom's puzzle!
